EXPERIENCE

Freelance Frontend Developer

📅 07/2023 - Present 📍 Philippines

- Developed custom websites for small businesses using HTML, CSS, and JavaScript.
- Ensured cross-browser compatibility and mobile responsiveness for all projects.
- Worked directly with clients to understand their needs and deliver tailored solutions.
- Managed project timelines and communicated progress regularly with clients.
- Built and launched over 20 successful websites for local businesses, contributing to increased client engagement and sales.

Senior Frontend Developer

Digital Ventures

📅 06/2019 - 11/2022 📍 Pasig, Philippines

- Led a team of frontend developers in creating and maintaining client-facing websites with a focus on responsive design and accessibility.
- Architected and developed complex user interfaces using React and Vue.js.
- Collaborated closely with design and backend teams to ensure seamless integration and optimal performance.
- Implemented best practices for SEO and web performance, significantly improving site visibility and load times.
- Conducted code reviews and mentored junior developers, fostering a culture of continuous improvement and learning.
- Reduced page load times by 40% through optimized coding practices and performance enhancements.

Frontend Developer

Creative Solutions Co

📅 05/2017 - 02/2019 📍 Taguig, Philippines

- Developed and maintained multiple client-facing websites with a focus on responsive design and accessibility.
- Utilized React and Vue.js to create interactive and dynamic user interfaces.
- Worked closely with the design team to translate mockups into fully functional web pages.
- Implemented best practices for SEO to improve site visibility and ranking.
- Integrated RESTful APIs to fetch and display data dynamically on the frontend.

Frontend Developer Intern

Tech Innovations Inc

📅 05/2016 - 03/2017 📍 Makati, Philippines

- Assisted in the development of web applications using HTML, CSS, and JavaScript.
- Collaborated with senior developers to implement responsive design principles.
- Conducted user testing and provided feedback to improve user interfaces.
- Debugged and resolved frontend issues to enhance performance and usability.
